About Me

I'm a freelance website developer specializing in WordPress, Shopify, and Webflow. I create user-friendly, responsive, and SEO-optimized websites tailored to your unique needs. Whether it's launching an e-commerce store or building a custom design, I'm here to bring your visions to life.

Experience

2022 - 2023

IFormatLogic I.T. Solutions

Junior Website Developer

- As a junior web developer, I contributed to building websites and applications, working with both front-end and back-end technologies, and collaborating with a development team.

2023-PRESENT

Freelance

Website Developer

- I worked on various web development projects, delivering custom websites and applications tailored to client needs. My role involved collaborating directly with clients to understand their requirements, managing timelines, and ensuring high-quality results across both front-end and back-end development.
